AYMEN OUABDELMOUMEN

FULL STACK DEVELOPER | WEB & MOBILE
Berkane,Morocco · +212 696 428 097 · aoustati@gmail.com

PROFILE

Full Stack Developer with a degree in Computer Science and practical experience building web and mobile applications. Worked with Angular, React Native and Laravel in professional settings, and with React and Spring Boot on full-stack projects. Interested in both user interfaces and the backend functionality behind them.

PROFESSIONAL EXPERIENCE

Frontend & Mobile Developer — Digital State Jan – May 2025

Built Angular web interfaces and React Native / Expo mobile screens, integrated REST APIs and resolved bugs with the development team.

Web Development Intern — Allo Salhi, Berkane Jul – Dec 2024

Developed order and inventory management features using Laravel, JavaScript and SQL.

Web Development Intern — Provincial Directorate of National Education 2024

Developed Auto Park, a Laravel application for vehicle records, administrative authorizations and digital archives in Berkane.
